PRODUCTS THAT STAND UP TO THE ELEMENTS

Patios and rooftop venues
can be a profitable addition
to your business

By choosing dependable products that make outdoor dining more enjoyable and add value to the experience, you can be assured that the investment was well worth it.

With a wide selection of tableware in materials built for the unique needs of outdoor dining, Libbey® can help you create a lively, elevated space guests will enjoy all season long.

Product care instructions

Maintain your products' appearance and resist damage with these helpful care and handling tips that translate to more productivity and fewer injury accidents.

	DO'S	DON'T
	<ul style="list-style-type: none">• To prevent unwanted surface effects, use dishwashing detergents and rinse agents recommended for use with plastics.• Wash cycle can be run at 140-160°F and rinse/sanitation cycle at 180-194°F.• Lime scale or hard water stains can form on the surface of articles after dishwashing. Periodically use lime scale remover or wash by hand with warm water and a soft cloth.• Allowing parts to air dry completely prior to stacking/storing as required by FDA code 4-901.11 can reduce surface effects on plastics.	<ul style="list-style-type: none">• To prevent scratches, avoid abrasive or rough cleaners, scouring pads, brushes and steel wool, including stiff glass washer brushes commonly used in bar sinks.• Avoid peg or pronged racks that can touch the underside of the plastic drinkware and cause scratching.
	<ul style="list-style-type: none">• Melamine dinnerware can handle heat that exceeds recommended dishwasher water temperatures without any changes to performance or appearance, up to 180 degrees Fahrenheit.• Do clean your melamine as soon as possible to avoid staining. Don't use harsh or abrasive cleaning tools, which will scratch the surface of the melamine. Avoid cleaning with scouring products, chlorine bleaches and sanitizers, nail polish remover or turpentine	<ul style="list-style-type: none">• Do not expose to heat from ovens, microwaves, heat lamps, salamanders or plate warmers.• Don't use serrated knives on melamine product.• Take care not to chip, as with other dinnerware.

Year after year, Infinium® performs beautifully

All Infinium products are engineered to maintain their glass-like brilliance even after extensive usage – ideal for demanding outdoor and high-volume environments.

Industry-leading resistance resists virtually all stains, odors and tainting of beverage flavor

Dishwasher durable maintains “like new” appearance even after hundreds of cycles

Temperature resilience withstands extreme temperatures from boiling to freezing

100% BPA-free Tritan™ copolyester is engineered to maintain glass-like brilliance even after extensive usage in demanding environments

Prolonged exposure to sunscreens at elevated temperatures can cause a cloudy layer to form on the surface of the plasticware.

Citrus drinks not recommended as high acidity may damage the product. Dishwasher safe, not recommended for use in microwave.

SERVING BOARDS *MELAMINE

The authentic-looking faux wood, marble and slate styles of these melamine serving boards create the earthy feel of natural materials – for a warm, contemporary look that elevates presentations and price points. Designed for the rigors of foodservice use, they're also lighter weight for easier carrying by your staff and dishwasher safe for lasting durability.
