

A fresh experience every day, and throughout the day

Banded and solid-white options seamlessly mix-and-match together, along with additional Constellation™ designs (Galileo and Eos) and Universal Accessories, for a versatile selection that allows countless combinations.

Banded designs are hand-painted in two soothing color choices (apple butter and steel blue) – complementing today's senior community trends with a warm, familiar-feeling aesthetic that evokes the comforts of home. They also subtly provide added visual contrast against Libbey's bright Lunar White™ body color, helping diners see the eating area clearly.

Rigel
CONSTELLATION™ DINNERWARE

Intuitive design that's easier on the eyes

Constellation™ Rigel and Rigel Banded dinnerware help you create elevated hospitality-caliber dining while making it easier and more comfortable for all in your care to enjoy it. They have been specifically designed with subtle visual and tactile aids that support those with reduced vision, mobility and motor skills – all while maintaining uplifting, versatile style.

As with all Libbey® Intuitive™ Diningware, the emphasis has been placed on helping you facilitate an enriching and dignified experience that comes easily and naturally for your diners.

WITH MICROBAN® TECHNOLOGY

As part of our Constellation dinnerware selection, Rigel and Rigel Banded come in Libbey's Lunar White™ body color, our brightest-ever white porcelain. All Constellation products have been thoughtfully created through purpose-driven design that provides mix-and-match flexibility, versatility for any occasion and exclusive Microban® technology that supports a 99.9% cleaner surface.¹ They also feature durable, fully vitrified, twice fired porcelain that helps reduce replacements – backed by a lifetime no-chip warranty.

¹For more information on the effectiveness of Microban technology, contact your Libbey sales representative. Does not protect people from food-borne pathogens. Microban is a registered trademark of Microban Products Company.

VISION

a welcome, and welcoming, sight

About one in three people over 65 will experience some form of vision-reducing eye problem*, which can cause colors to appear more dim and shapes to become blurred. Rigel's banded color options add contrast that helps diners continue to focus on enjoying the experience. The color bands make it easier to see the edge of the eating area, where a plate gets deeper, or the handle of their mug – supporting more confident and comfortable dining.

SAFETY

Exclusive Microban® technology supports a 99.9% cleaner surface. First-ever porcelain dinnerware with integrated Microban technology, delivering 24/7 antimicrobial product protection effective against a broad spectrum of bacteria.¹

GRIP
• Ergonomic pinch pot "dimples" allow for more confident handling
• Pronounced underside rim makes dinnerware easier to hold and pick up, ideal for self-serve situations

DIETARY
• Deep-welled trays simplify portion control and make it easier for diners to push food onto a utensil
• Personal-sized Universal Accessories allow diners to sample a little bit of everything, while being small and easier to hold

EMOTION
• Dimensions of every edge, base and well are engineered for precise stacking, including with most standard plate covers²

¹ See Microban footnote on previous page.

compatible with most plate covers and pellet systems

Rigel provides versatile functionality ideal for the needs of senior communities. The wide rim bowl and many plate covers are compatible with most standard plate covers.² Additionally, the pellet plate and bowl are specifically designed to work seamlessly with most complete pellet serving systems,³ helping keep food more secure during transport. The band colors even complement those of common pellet covers.

² Plate covers not available from Libbey.
³ Pellet system not available from Libbey.
