It's hard to describe what Shiro is, because it's just about anything you need it to be.

Shiro's relaxed Nordic understatement in brilliant Continental White™ body color is both refined and friendly – embodying the versatility chefs love about white dinnerware in a fresh, modern aesthetic.

Its sturdy edges, deep coupes and distinctive contours are ideal for modern, intentionally casual food formats in any setting – from rustic pub, to fine dining or invigorating new banqueting presentations.

Broadening the possibilities even further, Shiro offers mix-and-match compatibility with all Continental White patterns.
